### Case Report 23-1450

Over the last week, Brighton Police Department has been hard at work investigating the shooting that occurred on March 15. Immediately following the incident, officers got to work securing the crime scene, collecting evidence, and interviewing witnesses. Chief Matt Domenico provided an update to media on scene (pictured below). At the end of the day all of the information was turned over to the investigations unit where two juvenile suspects were identified.

On March 16, the BPD investigations unit arrested a 16-year-old and a 17-year-old suspect who were booked into the Prairie Vista Juvenile Detention Center. On March 21, detectives presented their investigation to the 17th Judicial District Attorney's Office. On March 22, the District Attorney's Office announced the filing of charges.

"16-year-old Jayden Garcia and 17-year-old Dakarei Jackson Edwards are charged with multiple counts of Attempted Murder for their roles in a shooting that occurred at Bush Street and 9th Avenue near Innovations and Options school in Brighton on March 15, 2023. One victim was injured as a result of the shooting.

Garcia and Jackson Edwards are charged with:  
First-Degree Attempted Murder (F2) (5 Counts)  
Possession of a Handgun by a Juvenile (M2)

Case numbers 2023CR907 and 2023CR901 were direct filed into Adams County District Court. Their next court appearance will be on May 4, 2023, at 8:30am in Division E. "

The filing of a criminal charge is merely a formal accusation that an individual(s) committed a crime(s) under Colorado laws. A defendant is presumed innocent until and unless proven guilty.

### Case Report 23-1461

On March 16 at approximately 12:46 a.m. officers were dispatched to the area of North Main Street and Strong Street for a motor vehicle theft. The reporting party stated he went into a bar and his vehicle was gone when he came out. Dispatch then advised officers that the reporting party called back in stating, "He gave me my car and I'm going home". Dispatch also stated the reporting party was out of breath and slurring his words. Upon arrival, officers saw the reported vehicle leaving the area and conducted a traffic stop. The registered owner, who had called to report the vehicle stolen, was found to be driving his vehicle. Officers then asked the driver to complete Standard Field Sobriety Tests. After completing several tests, he became uncooperative. He was transported to Brighton Police Department for booking, where he refused to give consent for a blood draw. He was then issued a county summons and notice of revocation before being transported to Adams County Detention Facility.

### St. Patrick's Day DUI Saturation

Brighton Police Officers, Adams County Deputies and officers from multiple jurisdictions participated in a saturation patrol throughout Adams County on March 17 for St. Patrick's Day. Their responsibility during this time was to locate drivers who were impaired or under the influence. BPD had four teams participate and successfully completed five DUI arrests.

# CAN YOU HELP IDENTIFY?

Brighton Police Department is seeking help from the community to identify the individuals and/or vehicles pictured below. If you have any information please call our Tip Line at **303-655-8470** and reference the assigned case number.

NO CASES THIS WEEK.

CALLS**

---

**90**

**TOTAL  
CALLS FOR  
SERVICE**

---

**1224**

**TOTAL NUMBER OF ARRESTS: 56**

## **THIS WEEK'S SAFETY TIP**

---

Spring is here! We want to remind you to test your smoke alarms and carbon monoxide detectors. If the alarm makes a "chirping" sound, replace the battery immediately. Smoke alarms should be in every bedroom and in the common areas on each floor of a home. Mount them at least 10 feet from the stove to reduce false alarms, less than 12 inches from the ceiling and away from windows, doors and ducts. Smoke alarms can be interconnected wirelessly. That means, when one sounds, they all sound.

The safety tips for CO detectors mirror those of smoke alarms: change the batteries, test them and interconnect them, if possible. Also, make sure vents for your gas appliances (fireplace, dryer, stove and furnace) are free and clear of snow or debris.
